

**Battle Road Farm Condominium Trust
Electric Vehicle Charging Station Application**

The Trustees of the Battle Road Farm Condominium Trust require that all owners who wish to install or maintain an electric vehicle charging station to use and submit this application form. Please complete this form, with required documentation and return it to _____. Please note that if the application is incomplete, the Trustees will not be able to act upon the application. It is important that all required information is submitted to the Trustees with the application. The Trustees will respond promptly and may approve or deny the application or approve the application subject to conditions.

Name, address, and contact info _____
of the Unit Owner _____

Tel. (c) _____ (h) _____

Email: _____

Parking Space No: _____

The installation must satisfy the requirements set forth below and in Exhibit A attached hereto and the plans submitted must include a detailed description of how each of the conditions will be met:

- (1) Plans, specifications and photographs of the proposed charging station reasonably sufficient to describe in reasonable detail the EVCS model, location, point of connection, and attendant metering and wiring and in compliance with the Condominium requirements attached as Exhibit A.
- (2) Contractor's license, certificate of insurance and reference information.
- (3) Electrician Certification as to whether the current common electrical panel building infrastructure can support the additional load for the EVCS.

Owner Name (Printed)

Owner Signature

IMPORTANT ACKNOWLEDGEMENT: In signing this application, Unit Owner acknowledges that he/she understands the Trustees may approve or deny the Application, or approve the Application subject to conditions, and, if approved, understand that he/she will be required to execute a recordable license agreement in the form provided by the Trustees solely at the cost and expense of the Unit Owner, including the Registry recording fees.
